

POSTDOCTORAL FELLOWSHIP

COMPUTATIONAL METHODS IN SCIENCE

Bryn Mawr College, with support from the Howard Hughes Medical Institute, invites applications for a two-year research / teaching postdoctoral fellowship in computational methods in science starting September 2005 for individuals with a background in a natural science or mathematics. Candidates will conduct research, teach, and collaborate with faculty in developing new computational initiatives. For additional information see: <http://serendip.brynmawr.edu/hhmi/postdoc.html>.

A Ph.D. at the time of appointment is required. Applications should include CV, description of research and teaching interests, and three references. Send all applications to:

Professor Peter Brodfuehrer
Computational Search Committee
290 Park Science Center
Bryn Mawr College
Bryn Mawr, PA 19010-2899
USA

Review of applications will begin January 2005. Bryn Mawr is a liberal arts college for women with coeducational graduate programs in the sciences, some humanities, and social work. The College supports faculty excellence in both teaching and research, and provides a rigorous education in the context of a diverse and pluralistic scholarly community. Bryn Mawr College is an equal-opportunity, affirmative action employer. Minority candidates and women are especially encouraged to apply.
